Brightly **Event Manager™**

Schedule, Organize and Promote Your Events

Event management involves a lot of people and moving parts, making it critical to have the right tools in place to centralize and automate the process from start to finish.
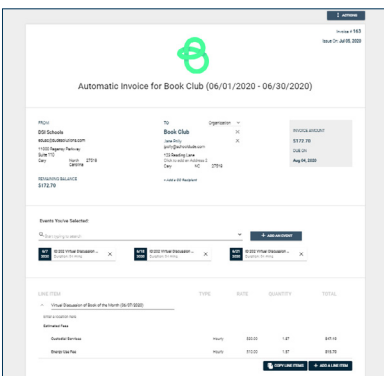

Event Manager is a cloud-based platform that helps you schedule, organize and promote all of your organization's events from start to finish. From the time a facility request comes in to when you're running reports on the event afterward, Event Manager is your easy-to-use platform for every task.
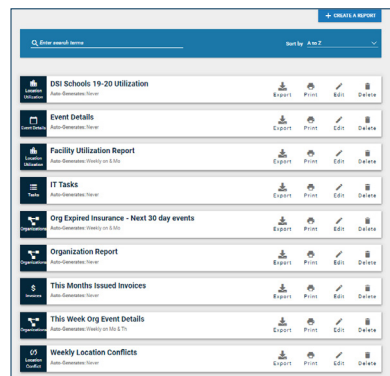

Key Benefits

Recover Costs

Recover costs and increase revenue through efficient and streamlined management of events.
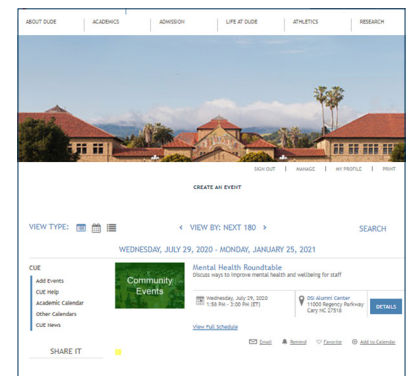

Measure Impact

Understand the impact of events with intuitive reporting on all event-related invoices, sales and registrations.

Improve Communication

Improve communication both within your organization and across your community with a single, centralized tool.

Our events platform has generated 1.7 million invoices totaling $1.1 billion dollars of revenue for schools. **That is the equivalent of 20,000 teacher salaries**.

Last year, Event Manager helped organizations like yours manage 51 million hours of events, **equal to the length of 135,500 Summer Olympic Games**.

9.8 million events were hosted, organized and optimized using our software last year.

Lengendary Client Support

We provide our best service so you can do your best work

At Dude Solutions, our client support is legendary. That's because we're experts at smooth implementations, thorough data migrations, and providing ongoing support via email, phone or chat so you always have someone to talk to.

> What really drew us to the software was the Interval Data Recording graphs. That's what set it apart. The software is a vital tool in our toolbox, and it allows us to validate everything we're doing.
