

Dude Solutions for Places of Worship

Software for Smarter Operations

Better Manage Your Resources. Better Welcome Your Community.

Religious organizations of all sizes and denominations rely heavily on their facilities to provide a welcoming environment for their membership and community. But keeping operations organized and daily work efficient, often with limited staff and budget, can be a challenge.

Dude Solutions can help you streamline maintenance, protect your assets and improve reporting, so you can make the most out of the resources in your care.

We're here to help you do the best work of your life.

Key Benefits

Simplify the day-to-day. Give your team anytime, anywhere access to the information and tools they need to do their job. Manage all work orders, assets and maintenance activity in one central location with improved communication.

Extend the life of your assets and facilities. Adopt proactive maintenance workflows with preventive maintenance and scheduled work orders, so you prevent problems before they occur.

Save where it matters. Maximize cost savings with new operational efficiencies and be able to funnel those resources back to where it matters most to your congregation.

Operate strategically. See the current state of your operations and develop a plan for the future. Drive decision-making with configurable data analysis and built-in reports from a central dashboard.

Go mobile. Our user-friendly web application goes with you wherever you're needed (desktop or mobile), is optimized for all screen sizes and available on iOS and Android devices.

“With the capital forecasting piece of the software, it builds my 20-year outlook and lets me know when things need to be replaced or repaired.”

— Scott Wilson, Wayne United Methodist Church

Product Features

Asset Essentials™

- > Our cloud-based facility management solution is designed for tracking assets, managing preventive maintenance (PM) and work orders, reporting on costs, and much more.

Capital Forecast™

- > Set up a 5-, 10-, or 30-year capital plan with configurable charts and custom reporting, based on your current and future maintenance needs.

Event Manager™

- > Organize your needs from room bookings to attendees to setup activities easily with interactive calendar tools. Help prevent double-bookings, reduce administrative time, and better coordinate events and foster community engagement.

Energy Manager™

- > Get better insight into your energy usage and utility bills, identify possible billing errors and centralize your reporting, while syncing up with ENERGY STAR® — so you can start conserving and saving more.

Services

Facility Condition Assessment

- > This on-site assessment provides an analysis of the condition of your facilities to help you plan for large capital expenditures, avoid any surprises with equipment or assets, and make better decisions based on data.

PM Schedule Creation

- > Through this consultative service, we can help you organize PM schedules and build them into your work order system to extend asset life and maximize your time and resources.

ABOUT DUDE SOLUTIONS

Dude Solutions is a leading software-as-a-service (SaaS) provider of operations management solutions for religious organizations. For nearly two decades, their software has inspired clients to create better work and better lives. The company combines innovative, user-friendly technology with the world's smartest operations engine, empowering our clients to protect their assets, extend the life of their equipment and enhance their members' satisfaction. Today, more than 12,000 organizations use The Dude's award-winning software to manage maintenance, assets, energy, safety, IT, events and more. For more information, please visit dudesolutions.com.
